Dolphin Cay

A world-class marine habitat dedicated to conservation, rehabilitation and education. Sometimes the best way to describe something is by saying what it isn't. Dolphin Cay isn't an aquarium, it's not an entertainment facility, and it doesn't stage marine shows.

Opened in 2007 in response to a need to provide a safe haven for 16 stranded dolphins whose home was destroyed by Hurricane Katrina, Dolphin Cay is one of the world's largest open-air, man-made marine mammal habitats. Located on the west side of the Atlantis, Paradise Island property, the 14-acre environment includes an 11-acre lagoon complete with coves and sandy beaches, 7 connected "residential" pools, a state-of-the-art education center, an animal rescue-rehabilitation hospital, an animal pharmacy, a quarantine, and a separate sea lion center.

Every visit to Dolphin Cay supports the Atlantis Blue Project Foundation, creating and promoting solutions for a wide range of marine conservation challenges from coral reef degradation to marine species in decline.

Shallow Water Interaction (\$135/\$155)

Wearing a wetsuit and sitting in waist-high water, you will have the chance to get close to the dolphins, face-to-face, feeling that personal connection. The sounds you will hear are called vocalizations. The excitement you see as the dolphin swims and jumps is simply their way of playing.

Limited to just 10 guests, this intimate interaction begins with an orientation and includes 30 minutes in the water. This family favorite is open to guests of all ages and swimming abilities. Children under 10 years of age must have an adult family member or guardian participating with them in the shallow water.

Deep Water Swim (\$199)

What could be better than swimming freely with these extraordinary mammals in deep water? Underwater acrobatics and the rush of feeling the dolphins swim beside you are only a part of this magical encounter. The perfect souvenir: your mask, snorkel and souvenir bag are yours to keep.

Playtime with the Sea Lions (from \$180)

When it comes to having fun, nobody does it better than this bewhiskered scamp of the seas. This experience brings you up-close-and-personal with Dolphin Cay's sea lions, watching them cavort, bark and splash. The interaction then takes you "behind the scenes," where we feed and care for all of our marine mammals in one of the largest marine mammal facilities in the world.

Paddleboard (From \$55)

Perfect your balance and improve your techniques while you paddleboard in our peaceful 14-acre dolphin habitat. Learn how to improve proper paddleboard techniques and even make a new friend as our resident dolphins get in their morning stretches too!

A parent or guardian must participate with anyone under the age of 12.

Stingray Experience (\$99/\$109)

The Stingray Experience provides an amazing hands-on encounter with hundreds of Cownose stingrays and colorful, tropical fish. Guests have the unique thrill of feeding rays in a shallow lagoon followed by the opportunity to snorkel alongside them.

- After a brief overview of the experience and review of safety rules, guests will receive their own container of food to feed sleek stingrays and tropical fish in the Waters' Edge Lagoon.
- Small children feed from the shallows, while older children and adults can feed in waist-deep water. An Aquarist will demonstrate the proper way to feed and share fun facts about the rays.
- A Kodak photographer will be available to take photos of your Stingray Experience.

The program is 45 minutes in length. Groups are limited to 8 people. Guests must be at least 5 years old to participate. Programs are available Tuesday – Sunday at 9 am, 11 am and 1 pm. To book the Stingray Experience, visit the Dolphin Cay Welcome Center or any Discover Atlantis Desk.
